NEW INTRODUCTIONS FOR 1960

GREENHOUSE

YELLOWCHIP - (Neal)

Lemon yellow sport of the popular Bluechip. An attractive color even under high light intensities. A worthwhile compliment to the Chip varieties. Flowers November 1st.

NEW DEPETRIS GARDEN INTRODUCTIONS 1960

* USEFUL AS A SPRING POT PLANT

*KANSAS

Medium white decorative, lovely compact growth habit. Durable flower on stiff pedicles, an exciting new white that is outstanding in borders or as a single specimen plant. Flowers normally October 5th. A valuable contribution to the 3" to 6" spring and fall pots. Kansas has a sharp response, good breaking habit and makes a very appealing well dressed pot.

*MITSIE

Small round white pompon. Bushy compact growth habit with multitude of blooms. A really remarkable specimen for border planting. One of the best whites for spring pot plant flowering. Normal flowering period October 5th.

*ACCOLADE

Glowing lavender pink decorative pompon. Large 3" flowers adapted to disbudding. Strong sturdy stems, suitable for garden cut flowers. Sure response in the Spring as a pot plant. Use tall treatment to reduce the height. Flowers naturally around October 12th.

*MEDUSA

Medium white decorative. Very free flowering and vigorous growing habit. A wealth of bloom on solid compact stems. Improves Gardenia. As a spring pot plant it has distinctive style and shape. A wonderful contribution to the much needed white pot plants. Matures October 5th.

*MELROSE

Luminous peach pink, large decorative. Large 3" to 5" flowers when disbudded. Color improves as it opens. Strong stems with well placed flowers. Outstanding as an outdoor or normal flowering cut flower. Lends itself to the short disbud program from April thru October, or for spring pots using the tall treatment. Flowers October 12th.

NEW LISTINGS FOR 1960

* RECOMMENDED FOR POT CULTURE

GOLDBERG

Large golden yellow pompon, sport of the popular Yel. Iceberg. Color is more intense and the flower somewhat firmer than Yel. Iceberg, particularly useful from April thru early November in the Greenhouse. Matures naturally November 5th.

GOLDTOP

Deep lemon medium pompon, sport of Whitetop. Its intense color and ready response makes it ideal for shading programs. Flowers November 5th.

GOLDEN PARAMOUNT

Large golden yellow pompon, sport of Yellow Paramount. Color is more intense. A valuable addition for late Fall, early and late winter programs. An 11 week variety flowering naturally November 23rd.

*ALEX COLSON

Large intense orange bronze decorative. A vivid color that holds well in all periods. Suited well for pinched pot programs. Flowers normally around November 1st.

*VULCAN (GHSE)

Large crimson red ten week decorative, best during Fall, winter and Spring pot programs. Will fade during high temperature periods. Exceptional quality for Christmas pots. Flowers November 5th.

*RED STAR

Large ten week decorative flowering November 5th. An intense reddish bronze with excellent pot form. Responds to either single stem or pinched culture. A good red during fall, winter and spring. A good bronze for summer flowering.

*MALOU

Medium incurved chalk white standard. Short habit of growth which makes it strictly a pot plant variety. Responds well to single stem or pinched culture. Pinched crops need a high light intensity. Responds naturally November 1st.

*OREGON TRAIL

Cream sport of the popular Oregon, has the same habit and response as its parent and possibly more petalage during lower light intensity periods. Flowers November 5th.

NEW LISTINGS FOR 1960* RECOMMENDED FOR POT CULTUREIND. NO. 3 WHITE

Large incurved white sport of Ind. White. Whiter than the Improved Ind. White and more petalage than its parent Ind. White. Does not quill in the winter. Expresses qualities of a much needed improvement. Matures November 5th.

YELLOW CHIEF

Lemon yellow incurved, sport of the popular White Chief. Useful for shaded programs or early standards for natural season. Flowers naturally October 20th.

YELLOW MARVEL

Large lemon yellow incurved. Desirable for summer and fall flowering, tolerant of high temperatures. Flowers are resistant to petal burn. Flowers November 8th.

*WORKING SCARLET

Large decorative brilliant scarlet bronze standard. A very vigorous growing variety that needs tall treatment. Particularly useful from late Fall until early Spring. Normal flowering November 10th.

BEACON

Large semi-incurved reddish bronze with gold reverse. Has excellent substance and color retention qualities. Responds well to shade. An outstanding variety for Thanksgiving. Flowers November 20th.

*BRIDESMAID

Large lavender pink spider. Short compact growth habit lends itself to pot plant culture. Stems are wiry and easily support the large bloom. For summer flowering, use in air conditioned units. Flowers November 1st.

PINK FRED SHOESMITH

Large light pink incurved, sport of Fred Shoesmith. Habits are same as parent plants. Color will fade during periods of high temperature. Excellent in the Fall and around Christmas. Flowers naturally November 12th.

INSTRUCTIONS FOR ORDERING

WHEN ORDERING

Minimum total orders should be at least 100 cuttings. All varieties should be ordered in multiples of 50. No orders accepted after June 15, 1960.

PRICES

Prices per 50 opposite each variety. For complete price table see page 68. Price per 25, add one and one half cents per cutting above the price per 50.

DISCOUNTS

5% Discount for all CASH WITH ORDER.

2% Discount if Charge Orders are paid within ten days from date of invoice.

TERMS

Cash to all customers without established credit - at least 50% of the amount must be enclosed with your order if you want us to send it C.O.D. This part payment is necessary because of the perishable nature of the cuttings. If shipment is refused for any reason it is usually a total loss. Charge orders will become due in 30 days from the date of invoice.

DELIVERY

Most shipments will be made by Express collect or if sent by Parcel Post an invoice for Parcel Post charges will accompany invoice for plants. Allow 2 to 3 weeks for delivery when ordering.

CLAIMS FOR DAMAGE

If plants are damaged upon arrival, Notify your EXPRESS AGENT IMMEDIATELY. Get a BAD ORDER REPORT made out and signed by him. If this is done, your claim will receive prompt attention. You may file the claim direct, or if you prefer, mail us the bad order report, invoice and express receipt, and we will file claim for you. Our packing is all done by men of experience who have done it for years and any trouble must be settled with the carrier. However, we will do all we can to assist you.

NO GUARANTEE

While we use every possible care to have all varieties properly labeled and true to name, we, Geneva Floral Company., Inc. give no warranty expressed or implied, also we cannot guarantee a crop as growing depends entirely upon the grower. Our liability, in all instances, is limited to the purchase price of the plants.

INSTRUCTIONS FOR ORDERING

CANCELLATION

Must reach our office before shipment has been made. However, if all or any part of your order has been shipped, we can cancel the UNSHIPED PORTION only.

CARE OF CUTTINGS WHEN RECEIVED.

If your cuttings seem wilted remove wrappers and dip these cuttings tops and all in cool water and set the roots loosely in a flat of damp moss for a few hours, or over night, out of doors in the shade or under a cool bench where the wind does not blow on them. If you do this you will find they will revive 100% and then you are ready to pot or transplant. NEVER POT A WILTY PLANT. You may need to shade some according to the weather. A little wilting after potting will not harm and a light syringing occasionally will help very much. If cuttings are crisp the morning after 24 hours from potting this shows they are taking water and your danger from shipping is over.

Orders accepted will be subject to the above terms. All orders shipped from Toledo, Ohio
